ANTI-BULLYING POLICY

Youth EmpowerHouse is committed to protecting its children and staff from bullying, harassment, or discrimination for any reason. Youth EmpowerHouse believes that all children and staff are entitled to a safe, healthy, equitable and harassment free environment. Bullying, harassment and/or discrimination will not be tolerated and shall be just cause for disciplinary action up to and including expulsion.

Bullying is a form of emotional or physical abuse that has three defining characteristics.

- **Deliberate** **a bully's intention is to hurt someone**
- **Repeated** **a bully often targets the same victim again and again**
- **Power Imbalance** **a bully chooses victims he or she perceives as vulnerable**

Bullying occurs in many different forms, with varying levels of severity including but not limited to:

- **Physical Bullying** **poking, pushing, hitting, kicking, beating up**
- **Verbal Bullying** **yelling, teasing, name-calling, insulting, threatening to harm**
- **Indirect Bullying** **ignoring, excluding, spreading rumors, telling lies, getting others to hurt someone**

For children and staff to enjoy a safe, healthy, equitable and harassment free environment Youth EmpowerHouse has developed the following bullying prevention measures:

- All staff, children, and their parent(s)/guardian(s) will receive this policy when they begin at Youth EmpowerHouse.
- Youth EmpowerHouse parent(s)/guardian(s) and child will be given an anti-bullying pledge to read and sign as part of their membership application packet.
- Youth EmpowerHouse staff members will receive staff development training in bullying prevention and cultivating acceptance and understanding in all children.
- Youth EmpowerHouse has developed the following procedures for intervening in bullying behavior:
 - Children witnessing or experiencing bullying are encouraged to report the incident to a staff member; such reporting will not reflect on the victim or witness in any way.
 - Children can rely on staff to promptly investigate each occurrence (whether reported or witnessed) of bullying in a thorough and confidential manner.
 - Youth EmpowerHouse will make reasonable efforts to keep a report of the bullying and the results of the investigation confidential.
 - Staff will address the victim first and then address the bully. Consequences will then be determined based on the incident and the bully will be asked to fill out a Think Sheet. A copy of the Think Sheet will go home with the parent(s)/guardian(s) of the child and a copy will be maintained by Youth EmpowerHouse.
 - Any child who engages in bullying may be subject to disciplinary action up to and including expulsion.
 - If the complainant child or the parent(s)/guardian(s) of the child feels that appropriate resolution of the investigation or complaint has not been reached, the child or the parent(s)/guardian(s) of the child should contact the Center's Director. Youth EmpowerHouse prohibits retaliatory behavior against any complainants or participants in the complaint process.

BEHAVIOR MANAGEMENT POLICY 7.10 (1)

Every effort will be made to be proactive in maintaining an environment that is conducive to a child's social development. Programs will be provided to keep children engaged in activities rather than disruptive and counterproductive behaviors. Children will be directly involved in defining acceptable behaviors, through setting rules and consequences. Parents will be notified of group rules and consequences during registration and intake. They will be encouraged to help their child follow the rules and accept direction from Youth EmpowerHouse staff. **No child will be subjected to: spanking or corporal punishment; subjected to cruel or severe punishment such as humiliation, verbal or physical abuse, neglect, or abuse treatment; deprived of meals or snacks; force fed; and disciplined for soiling, wetting, or not using the toilet; or forcing a child to remain in soiled clothing or forcing a child to remain on the toilet, or using any other unusual or excessive practices for toileting.**

3. If the behavior continues after the child can rejoin the group, other consequences as defined by the child and staff will be initiated. These consequences will be progressive beginning with an additional time out, behavioral contracts as defined by the disruptive child and a staff member, loss of privileged activity, or an assigned task or responsibility as defined by the staff and child.
4. Parents will be notified immediately, and a conference time scheduled when the behavior has caused another child or adult serious hurt (physically or emotionally), or if the child has been a persistent source of disruptive behavior (having to be removed from planned activities more than three times in a given weeks).
5. When the behavior is dangerous to others (staff and children) the child will be suspended from the program for a maximum of 3-days within a 24-hour notice and/or approval from the Department of Children and Families, if applicable

Youth EmpowerHouse will notify parent(s)/guardians(s) of pending termination with an advance notice of termination. The third notice of termination will be the final notice. 1. If a parent wishes to terminate care for their child, Youth EmpowerHouse must receive in writing, notification of withdrawal at least two weeks in advance of the withdrawal date.

MY PLATE GUIDE

No one food gives you all the nutrients you need to stay healthy. So, it is best to eat a variety of different foods every day. Use the Food Guide Pyramid to help you eat better every day. Start with plenty of breads, cereals, rice, pasta, vegetables and fruit. Add two to three servings from the milk group and two to three servings from the meat group. Go easy on fats, oils and sweets, the foods in the small tip of the pyramid.

Tips on Feeding Young Children

Just like you, your child needs to eat foods from each of the food groups everyday to grow and stay healthy. Your child’s appetite may change from day to day. It is better to offer small servings of food on smaller plates. Let your child ask for seconds. Children judge a food by

how it looks. They like colorful foods. A slice of apple or orange can help make a meal look better to a child.

Snacks

Snacks are an important part of your child’s day. Some children can’t eat a lot at one meal. They may be hungry before it is time to eat again. Snacks can give your child many nutrients she needs to grow and stay healthy. For snacks, give your child small amounts of the same kinds of foods you serve at meals. Or try some ideas below.

- | | |
|------------------------------------|------------------------------------|
| Cinnamon toast with apple juice | Cheese slice with fruit cup |
| Graham crackers with milk | Gingersnap cookie with applesauce |
| Wheat crackers with cottage cheese | Blueberry muffin with orange juice |
| Peanut Butter Toast with milk | Frozen banana with fruit juice |
| Peanut Butter with apple slices | Cereal with milk |

Tips on Shopping for Food

Everyone wants to save money when shopping for food. The best way is to plan ahead. When you plan before you shop, you can save money and get the foods your family needs for good health. Before shopping, think about some of the meals you will make, look at what you have in your house and write a list of things you need to buy. Once you are at the store, compare prices of different sizes and brands of the food you want to buy. Use coupons only for things you usually buys. Try to buy the amount that you have room for.

Packaged dinners and other ready to eat foods are popular because they are easy to make and save you time. Just add a salad or fruit, roll and something to drink to make it a complete meal. Many packaged dinners are high in sodium and fat. Read the nutrition labels. Choose products that are lower in sodium and fat. You can lower them in foods that you mix. An example would be: Leave out the salt, use half of the required butter or margarine and use low fat milk instead of whole milk.
